Dear friends, come and join us, way down in the Texas Hill Country. . .

Our story begins at the Martin General Store. The Martins and the McCoys (their feuding neighbors) have been seeing and hearing some strange things in the woods....flying saucers and space critters! A trio of space scientists from the Texas Space Center and the U. S. Army show up at the just the right time to save the folks from the crazy robots.

Ms. Aswege and Grades 5-6 invite you to sit back and watch this story unfold.

We would like to give a Big “THANK YOU!” to Mrs. Christine Goforth, and Mr. Woody and Mrs. Rachel Smith for their tremendous help with the amazing set, props, and terrific costumes.

We would also like to thank all the parents who helped with costumes and props and memorizing our lines.

Special thanks to Mrs. Nemmers for this program.

And, a Big Ya-Hoo to Mr. McCarthy for live-streaming this event tonight!!
